

PRIVATE RISK-TRANSFER ORGANIZATIONS PROFESSIONAL LIABILITY

Allied World is committed to providing professional liability solutions for privately-held insurance companies and alternative risk-transfer organizations. We created a product specific to the unique needs of these organizations by providing comprehensive E&O coverage with optional D&O and EPL protection. This product targets small-to-mid-sized companies with annual GWP up to \$2 billion. Covered organization types include privately-held rated and non-rated insurance companies, risk-transfer organizations, captives, risk retention groups, reciprocals, exchanges and mutual companies.

We have enhanced the coverage to include \$25,000 in network security liability E&O to address mounting privacy concerns from increased dependency on electronic information exchange.
